# Procurement Best Practices

Course code: PS191 From: 01-12-2024 Venue: Istanbul - Radisson Blu Hotel, Istanbul Sisli Course Fees: 4445 £

## Introduction

Procurement has evolved from a simple administrative procedure to a full-fledged strategic business unit. It is no longer sufficient to simply convert requisitions into orders and then wait for the goods or services to be delivered. As a result, it is critical for Procurement to consistently deliver value to the organization by delivering products and services that contribute to the organization's well-being.

In order to do this, Best Practices have to be implemented on four levels:

- Strategic
- Tactical
- Operational
- Contingency

This Procurement Best Practices training course will address the necessary conditions at all four levels for those delegates who want to implement high-performing Procurement functions.

## Course Objectives of Procurement Best Practices

Participants attending this training course will:

- Comprehend the evolution of Procurement
- Examine the inputs, outputs, and processes of the system
- Design meaningful performance measurements
- Learn the necessary conditions to be taken on all four levels

## Course Methodology of Procurement Best Practices

Participants will expand competencies via various instructional techniques including a lecture by an experienced practitioner and consultant, exercises, review published articles, and group discussions covering current practices and their relationship to the implementation of new concepts.

## Organizational Impact of Procurement Best Practices

The organization will benefit by:

- The ability to deliver real value in a shorter time
- Reduce the number of non-values adding activities

- Improved relations between personnel, customers and suppliers
- Reduction in total cost of ownership
- Improved supplier performance

## Personal Impact of Procurement Best Practices

Attendees will gain by participating in this training course as a result of:

- Increased skill sets in all phases of strategic procurement
- Greater ability to lead, plan, and manage the procurement process
- A greater sense of professionalism and being able to contribute to the organization's strategic objectives
- Increased Knowledge about Key Performance Indicators
- Increased recognition by the organization due to improved performance

## Target Audience of Procurement Best Practices

- Contracts, Purchasing, and Procurement Personnel
- Project, Engineering, Operational, and Maintenance, Personnel who are involved in the planning, and execution of purchases and contracts
- All involved in the acquisition of materials, equipment, and services and who are in organizations whose leadership want high levels of competency in those involved in these activities
