The Mini MBA of Sales & Marketing

Course code: MS111 From: 18-11-2024 Venue: London - Premier inn Victoria Course Fees: 4445 £

Introduction

This course teaches participants how to identify customer needs, develop products and services to meet those needs, identify which stakeholders the organization can best serve, and design programs to inform and build relationships with those stakeholders.

Participants will be able to advise and lead customers in areas such as customer satisfaction, new product development, product and service management, innovative selling, and service.

They will see their company through the eyes of their client or customer and make decisions that will benefit their finances and reputation.

This course will highlight:

- The major decisions marketing and sales leaders face in matching their organization's resources with marketplace realities
- Current issues in marketing and sales management and frameworks for responding effectively to them
- Best practices, concepts, tools, and techniques for managing marketing and sales activities
- Applying marketing and sales theories to the real-world issues delegates face including balancing demand and supply, understanding and responding to buyer behaviors, and relationship building
- Verbal and non-verbal skills for managing teams for peak performance

Course Objectives of Mini MBA in Sales & Marketing

By the end of this course, participants will be able to:

- Align sales and marketing Initiatives within the organization
- Develop sales and marketing strategies and programs to build a competitive advantage
- Improve the sales recruiting, interviewing, and hiring process
- Integrate social media marketing with traditional marketing activities
- Use the marketing mix to increase business development opportunities
- Adjust their marketing, communication, and selling styles to that of people from other cultures

Course Methodology of Mini MBA in Sales & Marketing

This course combines presentations that share both theory and industry best practices with practical sessions in

accordance with adult learning and blended learner-centered principles. The participants will have opportunities to put into practice the skills they develop and enhance during the course. We make the most of small and whole group exercises, videos, case studies, peer exchange, brainstorming, role plays, and discussions, and spending time working one-on-one and in small groups to resolve the challenges participants face. They will leave with new ideas and skills they can implement immediately; they step back into their teams.

Organizational Impact of Mini MBA in Sales & Marketing

The impact on the organization from delegates attending this course includes the following benefits:
