The Innovative Models of Modern Leadership Thinking

Course code: ML86 From: 10-03-2025 Venue: - Course Fees: £

Introduction

This course challenges traditional leadership's dated ideas and preconceptions. You will be guided and coached to maximize your own and your team's creative potential using innovative and transformational models and techniques. The days of heroic management are over; now is the time for staff development, involvement, and empowerment. To ensure their department thrives in this highly competitive work environment, today's leaders require a completely new tool kit.

Communication, flexibility, versatility, vision, involvement, and creative thinking are the focuses of this exciting and thought-provoking training course. You will be encouraged to think outside the box, stretch your comfort zone, to challenge and accept new ideas and concepts. You will also learn the critical methodology for identifying potential pitfalls, traditions, and conflicts that may prevent you from applying your newly acquired skills in the workplace.

This course will focus on:

- Opportunities for innovative styles of thinking
- Profiling tools to identify people's differing personality types
- How to create and communicate a compelling vision
- Techniques to harness the creative power of the team
- Facilitation tools to develop others' creativity in new and exciting ways

Course Objectives of Innovative Models of Modern Leadership Thinking

At the end of this course, you will learn to:

- Create your own personal leadership brand
- Select appropriate techniques for your personal self-discovery
- Demonstrate innovative methods for harnessing others' creative potential
- Communicate your vision through multiple sensory, refreshing, and engaging ways
- Explore the outer limits of group creativity

Course Methodology of Innovative Models of Modern Leadership Thinking

This highly interactive course uses a variety of approaches to learning, including experiential group activities, individual visioning exercises; and syndicate discussions. This encourages you to hear, see and feel for yourself

the power of the creative mind. Short informal inputs are used to introduce an underpinning theory of creativity, leadership, and high-performance team working.

A key part of the learning process is sharing the differing work and life experiences participants bring to the table. It offers an opportunity to experiment with novel, and sometimes challenging, techniques within a safe and creative environment.

Organizational Impact of Leading Creatively

Successful 21st-century organizations are constantly investigating new ways of lifting their profile in the global market place through:

- Linking creativity and innovation to organizational performance
- Creating leaders at all levels can develop and communicate a shared vision
- Training leaders who can engage and motivate their teams
- Focusing on long-term organizational and customer needs
- Increasing effectiveness through more effective use of team working
- Leaders with a focus on actions and outcomes, not theory
