Integrated Risk Management

Course code: AG286 From: 02-06-2025 Venue: - Course Fees: £

Introduction

This training program equips professionals to integrate internal auditing, compliance, and risk management functions effectively. Participants will explore international standards, risk-based methodologies, and practical strategies to enhance governance, reduce risks, and ensure compliance.

This course fosters collaboration between internal audit, compliance, and risk management, delivering a comprehensive framework for organizational governance.

Course Objectives of Integrated Risk Management

By the end of this training, participants will be able to:

- Understand the distinctions and synergies between internal and external audits.
- Implement risk-based internal auditing and compliance strategies.
- Develop and execute comprehensive internal audit plans based on risk assessment.
- Enhance documentation and reporting practices in line with international auditing standards.
- Build effective compliance programs, including AML/CTF initiatives.
- Align audit and compliance activities with corporate governance goals for principled performance.

Course Methodology of Integrated Risk Management

- Lectures and Expert Insights: Leading industry experts will share their insights and best practices.
- Case Studies: Analyze real-world talent acquisition challenges and solutions.
- Group Discussions: Engage in meaningful discussions and share experiences with peers.
- Role-Playing and Simulations: Practice recruitment scenarios to enhance skills.
- Hands-on Workshops: Gain practical experience in using recruitment tools and techniques.

Organizational Impact of Integrated Risk Management

Participants will help their organizations:

- Strengthen governance and compliance frameworks.

- Improve decision-making through risk-based auditing.
- Enhance resilience against financial crimes and regulatory breaches.

Personal Impact of Integrated Risk Management

Attendees will gain:

- Expertise in international audit and compliance standards.
- Advanced risk assessment and mitigation skills.
- Enhanced credibility as governance and compliance leaders.

Who Should Attend

This course is ideal for professionals involved in:

- Internal Auditing
- Risk Management
- Compliance and Anti-Money Laundering (AML)
